

# The all-new **Kodiaq**

## Your new space to explore

Your car should be your family's second home on the road. A partner to explore the world. A tool to make your life smarter. Škoda Kodiaq does all that. And more.

In the new Kodiaq, the bigger size means more space for passengers in all three rows. New technologies in the infotainment, smarter controls, and comfort features like Ergo seats with improved massage function will make your time aboard more enjoyable.

That's the smart way of family life. That's what we call Škoda.

## Upscaling the looks

Bigger doesn't only mean more practical. It's also an opportunity to make the design bolder and the proportions sleeker. The new look goes hand in hand with new capabilities. It's a family safe space that you can take exploring your latest adventure. Enjoy the ride and look good doing it!

# Bigger. Bolder. Better.

The longer length not only provides more space for you and your family. It also allows for a sleeker, more elegant profile, underscored by details like the gloss black trim around the upper part of the window and D-pillar in Unique Dark Chrome finish. Proof that even practicality can attract admiring looks everywhere you go. Your family's stylish partner for exploring the world.

**LED Matrix beam headlights (optional)**

Crystal clear view with a Crystallinium style. TheLED Matrix system provides great visibility even with other cars around. The coloured crystalline element accentuates the sharp contours of the headlights, adding a touch of elegance and visual appeal.

**Front grille with horizontal light strip (optional)**

To grab even more attention on the road, the new wider and bolder grille has its vertical slats illuminated by LEDs. This makes the new Kodiaq an unmistakable sight when driving at night.

# The bright shine of style

### LED rear lights

The unmistakable C-shaped LED rear lights with animated indicators are connected by a full-width decorative strip. This creates a unique signature that is easily recognised by anyone driving behind you.

### Panoramic roof (optional)

More light and more air in the cabin? No problem with the optional two-piece panoramic roof. The front part can be opened electrically to allow fresh air into the cabin. The tinted glass lets in enough sunlight while still blocking harmful UV rays. For cool shade on sunny days, a sunshade can be extended electrically.

## Virtual Pedal

Full hands are not a problem anymore. With Virtual Pedal, just a swing of the foot under the bumper is enough to open the door. Available in combination with KESSY and electric 5th door.

## KESSY Advanced

Never forget to lock your car ever again. KESSY is not only able to lock and unlock the car just by you touching the front handle. In its latest iteration, it also uses the 'Open on Approach and Walk Away Locking functions', where the car automatically unlocks when approached and locks again when you walk away from it.

## Space for the digital age

Digital yet tactile. Stylish yet sustainable. With the new interior concept, the Kodiaq makes the best use of both the latest technologies and tried and tested tactile controls. The new materials are attractive to look at and pleasant to touch, yet made of environmentally-friendly materials. The combination of large touchscreens, Škoda Smart Dials, and column mounted shifter allows for a clean centre console with ample storage. The leather is manufactured using a discarded coffee husks as a natural tanning powder, while the fabric is made from recycled materials. This allows you to enjoy comfort and pleasant atmosphere while being friendly to the environment. The ambient lighting can be set up to adapt the interior to your current mood. Every single detail contributes to the unique atmosphere on board.

### Head-up Display and Virtual Cockpit

All the key information right in front of you. The standard 10" Virtual Cockpit offers driving data in easy-to-comprehend, customisable view. In addition, the Head-up Display can be ordered, showing the most crucial information and navigation guidance right on the windshield.

# Information. Communication. Entertainment.

Be connected to the world around. The new Kodiaq creates a digital environment around you, carefully curated so that what's most important is right in front of you, while the large screen displays items that require detail.

### Infotainment screen

The world at your fingertips. With the 13" touchscreen, the new Škoda Infotainment offers an even clearer way of displaying all the information and entertainment features that will make travelling a truly enjoyable experience.

### Display cleaner

Screens always clean and shiny. Easily remove smudges and fingerprints from the infotainment display or any other shiny surface. Display cleaner is neatly stored in the centre console, so it's always easily on hand any time you need it.

## Ambient lighting

Adjust the style of your car's interior to suit your current mood. The ambient lighting on the dashboard and both front and rear doors can be set to any colour you like, instantly changing the overall atmosphere.

## Ergo seats

Comfort even on the longest drives. The Ergo seats were designed with the health of your back as top priority and tested by the German organisation AGR (Healthy Back Campaign). To make you even more comfortable, there are heating, cooling and pneumatic massage functions, the latter now with several modes and variable intensity.

## Gear selector

Easy control, more space. Mounted on the steering column, the gear selector is right at your fingertips. Leaves the centre console free for more storage space.

## Škoda Smart Dials

The best of both worlds. The Škoda Smart Dials combine the tactility of manual controls with the flexibility of touchscreens. Use the display in the middle of the dial to select a function or read information, and use the tactile dials to set the temperature, volume, or fan speed.

## Sustainability

Not only stylish and comfortable, but also sustainable. The attractive look of the new Kodiaq's interior was achieved using a variety of eco-friendly materials. When it comes to the seat upholstery, you have the choice of environmentally-friendly wool blend, recycled fabric, ecologically tanned leather, or recycled Suedia. We also replaced traditional chrome with the new and much cleaner Unique Dark Chrome, which supports the environmental message as well as the modern solid look.

# Never lose connection

Everything is just a touch away in today's digital world. Use the infotainment screen to set up the car, find your way to your destination or see traffic information.

### Always connected

The infotainment screen is not just larger than ever before. It also offers access to even more features, like the set-up for improved ambient lighting, in a brand-new, smooth virtual environment. Explore the world in a digital way.

### Always charged

A first for Škoda: the new Kodiaq offers wireless charging for two smartphones with ventilation to prevent your devices from overheating and charging power up to 15 W per phone.

**Space for seven**

Even more space for your family or friends. The new larger interior offers comfortable seating in three rows with more room than ever before. The passengers in the third row get an extra 15 millimetres of headroom compared to the previous model.

### Turn Assist

Automatically activated when the vehicle is turning, this system uses front sensors monitoring the area in front of the vehicle. This allows it to prevent collisions with the oncoming traffic that could've been overlooked by the driver.

### Crossroad Assistant

Especially when the view is obscured by cars or other obstacles, entering a perpendicular road might be tricky. The Crossroad Assistant uses the corner radars in the sides of the front bumper to detect approaching vehicles or cyclists and warn driver. In emergency, it can also brake automatically.

# Even safety can multitask

The Travel Assist system combines Adaptive Cruise Control (PCC) and Adaptive Lane Assist functions. For maximum safety, the system must be constantly monitored by the driver. That's why a capacitive steering wheel detects the driver's tactility, providing an interactive interface to the system. If the driver is not engaged in driving, the system issues a visual and audible warning and eventually disengages.

### Exit Warning System

To make exiting the parallelly parked vehicle safer and easier, the Exit Warning System monitors the area behind the car using the two nanoradars under the rear bumper cover and warns driver or passenger that a vehicle, a pedestrian or a cyclist is approaching using visual signals.

### Intelligent Park Assist

Let your car find and offer you parking spaces. Select one and then just sit back and watch. The Kodiaq will autonomously drive itself into the parking space, without the driver having to touch the wheel or pedals.

# RS

Launching
mid-2025

# When speed runs in the family

The most spacious Škoda with a dose of dynamic DNA. Powered by the new 2.0 TSI/195 kW 4×4 engine and fitted with sporty DCC suspension, it offers a spirited driving experience for the whole family.

## Sporty looks

To match its dynamic personality, the Kodiaq RS comes with striking, sporty looks. You'll immediately notice the gloss black details like the grille, window trim, mirror caps, roof rails, and D-pillar. The larger, aerodynamic front bumper with front intakes and rear bumper with black diffuser and twin exhaust tips underscore the sporty nature of the car. The final touch comes in the form of the 20" black wheels with bright red brake calipers prominently visible behind them. So the car looks fast, even standing still!

## The space to enjoy the pace

Spacious or sporty? That's not a choice you need to make! Your family can enjoy the roomy and practical interior of the new Kodiaq RS, while you focus on driving. The three-spoke multifunctional sports steering wheel is perfect for hitting that ideal line through a corner. The leather sports seats will keep you firmly in place while offering great comfort on long-distance drives. The red stitching throughout the interior completes the sporty look. The Canton Sound System and acoustic window glass are on hand to let you enjoy the dynamic soundtrack of your choice. The Virtual Pedal and KESSY Advanced allow you to access your car quickly and with ease. Whether you're on the school run or your favourite back road, you can feel sporty. And you'll enjoy the car's sporty looks, even when driving slowly.

# Rally Sport style for every day

Supremely comfortable and ingeniously practical, now also with a dash of sporty style. Red stitching, sports seats, and light alloy pedals create a unique atmosphere.

### Sports steering wheel

The sporty three-spoke design comes wrapped in a combination of smooth and perforated leather adorned with contrasting red stitching. The RS badge completes the look.

### Sports seats

With an integrated headrest, leather upholstery with contrasting red stitching, and the distinctive RS badge, these seats combine racing-inspired looks with supreme comfort.

# Design Selections

**Loft interior**

Recycled Yocto melange fabric upholstery, pad and door insert
Deep black décor
Leatherette door and middle armrest

# Design Selections for the interior

With Design Selections, you can create a space that suits your style and personality. Each Design Selection tastefully pairs upholstery materials and colours with dashboard décors, specific details, and even comfort features. Select the design that suits you best!

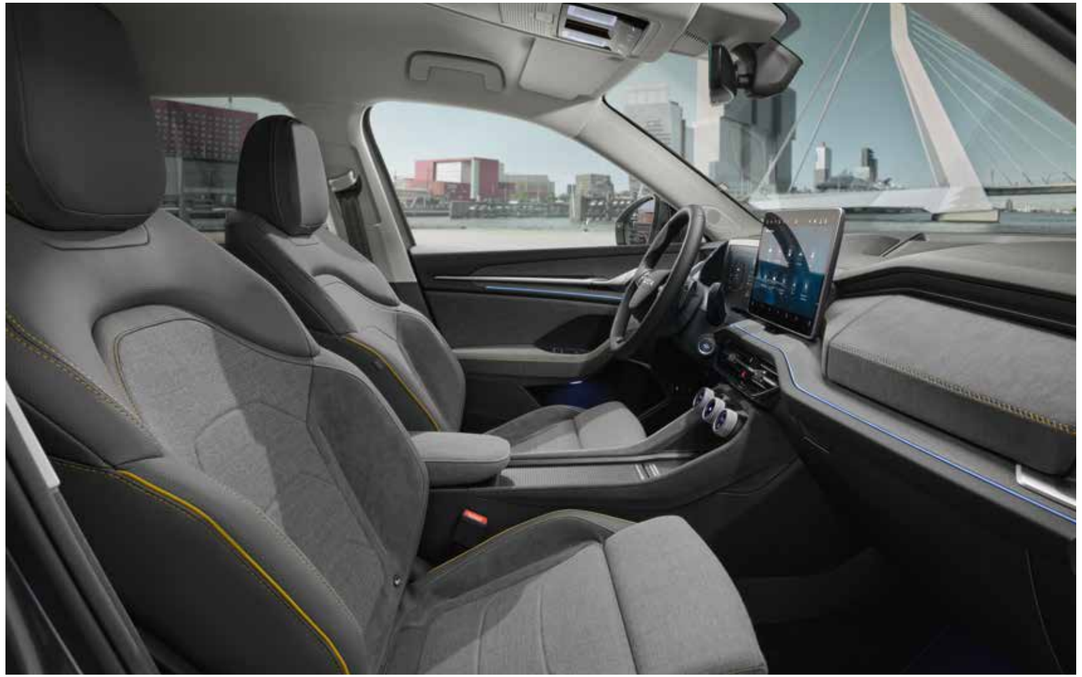

**Design Selection Loft**

Grey seats upholstered in recycled fabric are the prominent feature of this interior. The overall look is underscored by cross-stitching on the recycled Yocto melange fabric dash pad and Deep black décor.

**Lounge interior**

Suedia dash pad, armrests and door inserts
Dark Cork Grey décor
Suedia, leatherette and recycled wool fabric seat upholstery

**Design Selection Lounge (optional)**

Enjoy the interior that not only feels natural, but is also nature-friendly. The recycled wool, used on the seat upholstery, has been tested and approved by The Woolmark Company in accordance with its quality certification process. A wool certificate label is integrated into the seat and visibly symbolises the sustainable approach. The overall luxurious feel of the interior is further enhanced with combination of Suedia and leatherette on the seats and the Suedia accents that compliment the Dark Cork Grey décor on the dashboard and door inserts. The contrasting yellow stitching around the interior adds the unmistakable visual style.

WOOL BLEND PERFORMANCE

**Suite black interior**

Black leatherette pad, armrests and door inserts
Swan drawing Grey décor
Black leather/leatherette upholstery

**Design Selection Suite black**

Black leather tanned using discarded coffee beans dominates the stylish interior. The overall look is highlighted by grey cross-stitching on the dash and Swan drawing Grey décor, underscored by ambient lighting.

**Suite cognac interior**

Cognac leatherette pad, armrests and door inserts
Swan drawing Grey décor
Cognac leather/leatherette upholstery

**Design Selection Suite cognac (optional)**

Cognac leather tanned using discarded coffee beans dominates the stylish interior. The overall look is highlighted by cognac cross-stitching on the dash and Swan drawing Grey décor, underscored by ambient lighting.

**RS interior**

Dinamika pad, armrests, and door inserts
Chrome décor
Black perforated leather upholstery with red stitching

**Design Selection RS**

To create a unique, sporty atmosphere, the black Suedia upholstery of the RS interior pairs with contrasting red stitching on the seats, steering wheel, and dashboard. The captivating look is completed by the Dinamika pad and chrome décor.

**RS Suite interior**

Black leather pad, armrests, and door inserts
Chrome décor
Black Suedia upholstery with red stitching

**Design Selection RS Suite**

For a sporty yet luxurious look and feel, the RS Suite interior uses only the best materials. Black perforated leather with contrasting red stitching on the seats, steering wheel, and dashboard pad tastefully matches the chrome décor.
